Interests

Research

Experience

Jamia Millia Islamia, Guest Faculty — Computer Science, Centre for Interdisciplinary Research in Basic Sciences — New Delhi, India
Aug 2025 – May 2026 (10 months)
Teaching Computer Science to B.Sc. Life Science with Computer programme.
- Python Programming (Semester 1) with programming assignments.
- Database Management Systems (Semester 3) with DBMS assignments.

AFM Group, Full Stack Developer-Trainee — India
July 2021 – Jan 2022 (7 months)
- Designed and implemented a website front-end using JavaScript and Tailwind CSS.

Education

Jamia Millia Islamia, Computer Science — New Delhi, India
Jan 2023 – present
- Research interests: cybersecurity, knowledge representation, ontology and ergonomics.

Jamia Millia Islamia, Computer Science and Applications — New Delhi, India
Jan 2019 – Jan 2022
- Major in Computer Science and Applications.

Aligarh Muslim University, Computer Applications, Mathematics, Physics — Aligarh, India
Jan 2016 – Jan 2019

Awards

UGC National Eligibility Test (NET) — Qualified — Dec 2024
Computer Science and Applications, December 2024 cycle.
University Grants Commission

GATE 2022 — All India Rank 8886 — Jan 2022
Computer Science and Information Technology (CS).
GATE

Publications

Beyond Severity: Tactical Risk Scoring for Healthcare Vulnerabilities
pp. 427-432. A second paper, "A Decision-Process Framework for Cyber-Physical Security Risk Mitigation in Healthcare Systems," was presented at ICMSDRI-2026, Gurugram, India.
S. Sajid, M. Nazir, M. Aijaz

Projects

Hate Speech Detection in Tweets using Deep Learning
Cleaned and processed multi-source social media and news data for deep learning model training. Developed an interactive Streamlit dashboard for real-time visualization of results and performance metrics. Tech stack: Python, FastAI, NumPy, Streamlit. Repository: github.com/ShujaSajid/MajorProjectFinal.

- Deep learning on multi-source social media data
- Interactive Streamlit dashboard

Image Based Steganography
Tkinter GUI application using custom cryptographic techniques for secure communication. Encrypted text into image files with full data retrieval and no visual distortion. Tech stack: Python, PIL, Tkinter, Docker. Repository: github.com/ShujaSajid/ImageBasedSteganography.

- Custom cryptographic techniques
- Tkinter GUI and Docker packaging

Student Web Services
End-to-end online admissions portal managing the complete student enrollment lifecycle with a PHP/MySQL backend processing 500+ student records. Tech stack: PHP, HTML, CSS, JavaScript, jQuery, MySQL.

- Complete enrollment lifecycle management
- Robust PHP/MySQL backend

E-Commerce Website
Full-stack e-commerce platform with custom user and admin dashboards for order workflows. Tech stack: PHP, HTML, CSS, JavaScript, jQuery, MySQL.

- Custom user and admin dashboards

Skills

Programming Languages
